Individual ECA registrations can be collected from BCA members by the BCA Treasurer. Please return this form, with your remittance of £6.50 (cheques payable to "British Crystallographic Association") to:

BCA Treasurer
Dr S E Gould
33 Charterhall Road
Edinburgh
EH9 3HS

The ECA is the regional crystallographic association for Europe and Africa. It's role includes the organisation of the regular and highly successful European Crystallographic Meetings.

The scientific programme planning of each ECM is based around a series of Special Interest Groups (SIGs), established within the ECA.

By becoming an individual member of the ECA you will be informed of all the latest developments in ECA matters and of SIG activities. You also have voting rights for ECA Council representatives and the right to propose the formation of new SIGs.

More information on the ECA is available on the Website
<http://www.ecanews.org/>
